IT'S KARMA - SERVICEABILITY, RELIABILITY, USER FRIENDLINESS

- The Cafe-Matic, Model 452, single flavor cappuccino dispenser is designed for serving customer-pleasing, problem-free cappuccino. Three versions are available:

FREE PLAY DISPENSE

Recommended for self
serve applications

2 SIZE PORTION CONTROL W/FREE PLAY

Recommended for back
counter applications

3 SIZE PORTION CONTROL

Recommended for back
counter applications

- The versatility of the water source (waterline connected or portable) makes it possible to serve cappuccino wherever a 120 volt outlet is available. A simple "flip of the switch" converts the dispenser to portable fill. To meet the needs of high volume accounts, in the portable operation, the water tank capacity can be expanded with the use of a three gallon water bottle kit.
- Optional water tank lock down is available upon request.
- Two choices of front doors are available: Black Molded and Stainless Steel
